

Buisca Roll Trailer RR35LK-45ft

- * Load capacity of 35t
- * Liquid reservoir of 30m³
- * Gravity stoppers to hold the containers in a fixed position
- * Drain valve with a blind stop at the rear end of the reservoir
- * Fixed gooseneck
- * Running gear: 2 oscillating axles in 1 axle line and 4 wheels with solid massive tyres 22x12x16
- * Buisca surface treatment

Buisca Roll Trailer RR60LK-45ft

- * Load capacity of 60t
- * Liquid reservoir of 15m³
- * Gravity stoppers to hold the containers in a fixed position
- * Drain valve with blindstop at the front end of the reservoir
- * Gooseneck tunnel/adaptor suitable for the common standard goosenecks
- * Running gear: 2 Buisca tandem wheels sets with 4 oscillating axles in 2 axle lines and 8 wheels with solid massive tyres 22x12x16
- * Buisca surface treatment
- * Optional: fixed gooseneck instead of gooseneck tunnel/adaptor

Buisca Skeletal trailer HD60LK-45ft

- * Load capacity of 60t
- * Liquid reservoir of 30m³
- * Container is positioned on its corner castings
- * Drain valve with a blind stop at the rear end of the reservoir
- * Running gear: 2 Buisca oscillating rocker-beam tandem sets and 8 single mounted wheels with pneumatic tyres
- * Buisca surface treatment
- * Optional: Solid tyres instead of pneumatic tyres

Buisca Leakage bin LK40-45ft

- * Load capacity of 40t
- * Liquid reservoir of 15m³
- * To be mounted on a Roll trailer with twist-locks
- * Container is positioned on its corner castings
- * Drain valve with a blind stop at the rear end of the reservoir
- * Lifting by lifting eyes or on the corner castings
- * Buisca surface treatment

Optional: * Trailer length of 40ft * Adjustments of the liquid reservoir volume * Special coating for dangerous goods * Acces stairs, handpost(s) * Acces platform(s) with anti-sliding grating * Lighting
